## FIRST PAN-AMERICAN DAY OF THANKSGIVING

President Taft, Ambassador Nabuco and Other Diplomats at St. Patrick's Services.

## CARDINAL GIBBONS AND MGR. FALCONIO PRESIDE

Brotherhood of Nations, Theme of Dr. Russell's Sermon.

## "PEACE VICTORY CELEBRATED"

Prevailing Spirit of International Amity Cause for Thanksgiving, Says Preacher.

The President.

St. Patrick's Catholic Church was the scene of another unusual ceremonial this morning, when a Pan-American Thanksgiving service was held. Those in the congregation included President Taft, his cabinet, diplomats from South America and other prominent men and women.

Within the sanctuary the highest ecclesiastics in the land presided, seated on thrones on opposite sides of the altar, Cardinal Gibbons occupied the throne at the gospel side, while Mgr. Diomedo Falconio, papal delegate to the United States, participated from the epistle side.

Rev. Dr. William T. Russell, pastor of St. Patrick's Church, preached the sermon, taking as his text "Behold how good and pleasant it is for brethren to dwell together in unity" (Psalm 133).

Nation's Colors Displayed.

The decorations of the altar, sanctuary and pews for the invited guests were picturesque and unique and reflected religious and patriotic sentiment. While the Stars and Stripes predominated in the entire decorative scheme, the colors of the various South American countries were wound about the pillars of the church. At each location the flag of their country denoted the nationality of the occupants.

Admission to the church was by card. Every seat was taken.

Practically all had been seated when

Joaquim Nabuco.

the procession of clergy wended its way from the rectory to the church. Led by a cross bearer those taking part consisted of the altar boys, choristers, officials of the mass, Mgr. Diomedo Falconio, his assistants, Cardinal Gibbons, his deacons and train bearers.

Passing up the center aisle of the church, the processionists took up their places in the sanctuary. Cardinal Gibbons presiding. Then the solemn high pontifical mass, which marked the Thanksgiving service at St. Patrick's Church was begun.

Rev. Charles Bart of St. Teresa's Church was celebrant; Rev. Louis O'Donovan of St. Mary's Cathedral, Baltimore, deacon, and Rev. George Dougherty, secretary of the Catholic Union, secretary of the Catholic Union, secretary of the Catholic Union.

## IN HANDS OF REBELS

Rumor That Zelaya's Capital Has Been Captured.

## ACCOUNTS FOR NO NEWS

Insurgents Known to Be Within Striking Distance.

## OFFICIALS HERE GOING SLOW

Await Reliable Information From Vice Consul Before Acting in Case of Americans.

Special Dispatch to The Star.

NEW ORLEANS, November 25.—Private cable messages received from Bluefields early today declare that the reason Vice Consul Caldera has not replied to the State Department queries concerning the executions of the two Americans, Groce and Cannon, is because the insurgents are encamped about Managua and already have control of the cable station at San Juan Del Sur. New Orleans has received no confirmation of this report except that Gen. Saez, with his army of Nicaraguans who had been exiled to Honduras and Salvador, re-entered Zelaya's republic early in the week and captured Leon and Chinandega, two of the most important towns on the Pacific side of the republic. Managua is within striking distance of either town.

The state of mind of the populace of the capital would make possible a harsh attack by rebels that would give them control of the situation without much fighting, and rebel sympathizers here this morning believe Managua has fallen.

## Control Pacific Coast.

The insurgents here believe that Gen. Saez with his army of exiles is in complete control of Nicaragua's Pacific coast. With the capture of Chinandega and Leon the advance on the capital could have been easily accomplished, and it is declared that if Saez did strike at Managua his army would have been met by insurgent sympathizers within the capital who would strike at Zelaya the moment the advancing army fired a shot.

Zelaya's agents here, in the absence of positive confirmation of a rebel victory at Managua, cling to the belief that Saez has been captured by government forces who put out from Managua and attacked the rebels at Leon, retaking that town.

## Capt. Shipley Reports.

The officials of the State and Navy departments were in their offices as usual for a short time today for the consideration of developments in the Nicaraguan affair. About the only new matter they had before them was a cipher dispatch from Capt. Shipley, commanding the cruiser Des Moines, dated at Port Limon, giving an account of his visit to Greytown. That port is occupied by a portion of Zelaya's forces who are practically prisoners, as they are surrounded on all sides by the revolutionary forces, who await only the arrival of arms and ammunition to make a dash for the port.

His report undoubtedly deals with those subjects and it was at first thought that its contents might be given to the public this morning.

As a result, however, of a conference between Rear Admiral Potter, chief of the bureau of navigation, and Mr. Wilson, assistant secretary of state, it was deemed advisable to withhold the information for the present. The announcement to that effect was coupled with the statement that if the report was anything to make public today it would be given to the press at Mr. Wilson's residence this afternoon at 4 o'clock.

## Awaiting Definite News.

The apparent delay of the administration in announcing its policy in the Nicaraguan affair is attributed to the lack of definite information as to the exact status of the two Americans, Cannon and Groce, whose summary execution aroused a storm of protest in this country. Reports are conflicting as to the part taken by the two men, as well as to the manner of their death.

According to one report they joined the revolutionary army of Estrada and as members of that force undertook to plant submarine mines for the purpose of destroying a transport loaded with government troops. The official report of the Nicaraguan government says that they pleaded guilty to the charges preferred against them and were regularly sentenced to death as prescribed by the law. The other side is that they were shot by order of President Zelaya as a result of personal antagonism without a proper trial.

## Status of Americans.

Unfortunately the revolutionary forces under Estrada have not yet been regularly recognized as belligerents by the United States or any other government, and it is a mooted question with the officials as to whether Cannon and Groce, under all the circumstances, were really entitled to treatment as regular prisoners of war. The efforts of the administration are being mainly directed to obtaining reliable information on these points before submitting demands on the Zelaya government for reparation.

Whatever else the administration may do, it is generally agreed that it will not recognize the belligerency of the Estrada revolutionists, and thus obviate for the future such excuse as Zelaya may have had for his summary course of action in the case of the two captured Americans.

The question of an indemnity for the loss of the character of the evidence received from American officials at Managua.
